How To Answer Interview Questions: 101 Tough Interview Questions

Synopsis

Can you explain why youâ™re the person they need to hire? Employers ask you a hundred different interview questionsâ | but what they really want to know is, âœWhy should we hire you?â • If you get interviews but you donâ™t get the job, you have not explained that to them. This is the book that will show you how to use your answers to get the job. What This Book Will Do For You: âœ Tell you why interviewers ask certain questions âœ Show you what they are looking for in your answer âœ Give you strategies for answering the toughest questions âœ Warn you about answers that will kill your chances âœ Give you âœHow Toâ • tips, phrases, and words for answering 101 job interview questions What Kinds of Questions Are In the Book? - Tell me about yourself. - Whatâ™s your greatest weakness? - What salary are you looking for? - Why do you want to join this company? - Why should we hire you? - Why do you have a gap in your employment history? - Tell me about a time when you failed. - Describe a time when your work was criticized and how you handled it. - What motivates you? - What questions do you have for us? Who Needs This Book? If you have ever felt that you: âœ Donâ™t have the words you need to explain why youâ™re the person they need to hireâ | âœ Canâ™t quite âœsell yourselfâ • for the jobâ | âœ Stumble over your answers because you donâ™t know what they really want to hearâ |. âœ Just want to be more confident in the interviewâ | Then this is the book for you!

Customer Reviews

I notice that she repeated quite a few interview questions in this book. These particular questions were worded the same as the original question. Other than that, I learns that the questions were geared toward my professional behavior, how I react to stressful situations, and how well I get along with other people.

Very good discussion (I got the audio version). Thought provoking. Peggy McKee's products and webinars have led to a much more effective resume and my confidence in my ability to market myself has soared.

I down loaded this book onto my kindle and started reading it right away. I figured I would go on a couple of practice interviews before I get any real offers. I went on my first interview after THREE years of just waiting and LANDED the JOB!!! This is not a pitch sale, and I don't usually leave comments. I have to give Peggy McKee 2 thumbs up, because of her I got the job, no doubt about it. My now supervisor, said she was highly impressed with me during the interview and she knows she picked the right person. The thing is I was answering all the questions wrong, until she explained in her book what Employers are Really Looking For. She was dead on It!!! High Five for you Peggy McKee and a Big Thank You!!!!

Eye opener for me. I should have read this before but better late than never! It explains how the questioner is thinking so you say what he/she is looking to hear.

I am very pleased that I selected this book for my upcoming interview/s. The questions are very realistic and are the types of queries that are being asked in today's job market. Additionally, the responses provoke an internal analysis and I was able to easily create my own, honest scenarios. Very happy to recommend to families and friends.

Another (temporarily) free Kindle book. This one gives perfectly reasonable advice on how to conduct oneself during a job interview interspersed with suggestions to write a '30-60-90- day. The exact plan which, it just so happens, the author is selling another book on.

Oh how I wish I had read this years ago. I was hoping it would be good but I never imagined it could be this good. I don't usually write reviews but the information in this book is so awesome and so helpful. Peggy McKee can help anyone get a better job. I never really prepared for an interview before, never heard of a brag book, a 30-60-90 day plan, didn't know how to handle the "How much money question" or most of the questions in the book! After reading "How To Answer Interview Questions" I now know why I didn't get a job I really wanted and it's painfully obvious that if I had read it before that interview that job would have been mine. Buy it, read it, what you learn from it will help you in so many ways. Don't wait until you're ready to go on a job interview. There's information in it that you need now. Hint: you need to know what a brag book is now so you can start getting yours together.

Great insight on how to answer interview questions and what the hidden meanings are behind the questions. I'd recommend it to anyone job hunting or wanting to stay sharp incase another opportunity arises.
