Gr. 8-11. This volume from the Examining Issues through Political Cartoons series spotlights 16 cartoons related to the suspension of civil liberties and human rights during America's wars. The first chapter presents cartoons from the Civil War to the War in Vietnam, while chapter two considers "America's War on Terrorism" and chapter three, the current war in Iraq. An introduction to the book leads off, then each chapter begins with a two-page preface. Each political cartoon is accompanied by a paragraph or two of commentary and a brief note on the cartoonist. The book concludes with a bibliography and an excellent, varied list of 16 relevant organizations and government agencies, with descriptions and contact information. Those who read the entire book will find themselves rereading a certain amount of recycled, barely reworded material, as a good deal of information is presented twice, first in a general discussion and again in the analysis of a particular cartoon. Still, students critiquing political cartoons or seeking visual material for reports on civil liberties may find the book useful. Carolyn PhelanCopyright © American Library Association.
