Sky Touched (Chaos And Retribution Book 2)

Synopsis

As the children of Stone, Sea and Sky struggle to master their powers, the inhuman denizens of the Abyss begin to move. Despite his efforts to suppress it, the power of Stone is awakening in Fen. The power is wild and implacable, and Fen knows it is only a matter of time before others learn his secret, and he loses everything. Unless his power kills him as it killed his father. Meanwhile, dark practitioners with unnatural powers have arrived in Samkara, and the Fist has fallen under their sway. Aislin's power is cold and remote like the Sea it comes from. The strange old man she meets in Qarath might be able to help Aislin discover her humanity, but if he can't the whole city could be in danger. For Aislin has learned how to summon something huge and powerful from the depths of the sea. When a ritual goes wrong Karliss learns how dangerous and deadly his power can be. Now Karliss has to learn to master his power without succumbing to the madness that afflicts those who get too close to the power of the Sky. And he has to do it before the Guardian Kasai destroys his clan. Fans of The Kingfountain Series by Jeff Wheeler will love this series.

Customer Reviews

The second book in the epic series Chaos and Retribution by Eric T Knight, Sky Touched is just as great a read as the first book was. The children Kerliss, Fen and Aislin are touched by the sky, stone and sea respectively and they are growing stronger in their powers even if still scared at what they do not understand and what singles them out within their communities and makes them different. Kerliss seems to be really coping with his wind powers and harnessing the Ashanti to his will to protect his clan, Fen on the other hand though older than the other two children is still terrified of his power and scared that it will turn him to stone and kill him as it did his father before him and Aislin knows she can ask anything from the sea, it is her real mother but she is trying to come to grips with her human side and this is terrifying her. I must admit I still find this character the most interesting and can feel her anger and empathise with her feelings when she is deprived of the sea which is her life blood! The book leaves us in the lurch in all three strands of the children's lives, all three still do not know exactly what they are fighting against or that they should be united to fight the evil together. I cannot, just cannot wait to read the final book, Sea Touched and maybe conclude this epic tale! Eric hurry up and put me out of my misery please and launch book 3.

Another awesome book by Mr. Knight. In this book he brings out the developing power of each young person and what it is costing them. You will be surprised at how each youngster advances in power. An excellent fantasy read for people of all ages. Highly recommend this book. I was given a copy of this book and am voluntarily leaving an honest & unbiased review.

This story just keeps getting better and better. It picked up where it left off and I got pulled back in. Karliss, Fen, and Aislyn are great characters who are growing up fast. They each go through the trials and tribulations of having responsibility. I am so ready for the next installment.

Great continuation of the stories from the first book. I'm looking forward to seeing how they tie together. I was lucky enough to receive an Advance Reader Copy of this book.

The mysteries continue to deepen as they are more exposed. An intriguing continuance. I can't wait for volume three!! I received an advance copy and was thrilled how each section progressed. Well worth your time.
