Cold Blooded Assassin Book 7: Hell On Earth (Nick McCarty Assassin)

Synopsis

Hell on Earth rejoins Nick McCarty's crew and John Harding's Monster Squad, ripping through terrorists; Black Lives Matter anarchist thugs, treasonous Washington DC politicians, and their billionaire enablers. The Saudi Arabia Al-Kazar family's new leader, Kalil, wants them dead at all cost. Kalil Al-Kazar targets killers without peer. The Unholy Trio and Monster Squad strike back without mercy. None of the usual suspects can shield against, or survive their fury. The Chicago killing fields get a taste of El Muerto solo justice when CIA Director Paul Gilbrech asks him to save his stepdaughter and grandchild. Nick carves a buffer zone in the killing fields through gangsters, corrupt politicians, and the political hierarchy abandoning the windy city to deadly chaos, if the citizens can hold on to it. FREE BONUS BOOK: Hard Case (Book 1) in the 'John Harding Series' "Jack Reacher fans, say hello to John Harding, in a series you won't put down: He grew up mean, running away from his alcoholic father at the age of 14. With a little help in the form of a new identity, the runaway becomes John Harding. While in special ops overseas, he's recruited by CIA agent Denny Strobert, who sees something besides a knack for languages and combat skills: he knows he's found a killer." - Kindle Nation Daily "Bernard Lee DeLeo's COLD BLOODED series owns the cutting edge of modern crime fiction. Action, suspense, humor, it's all there! Block out some time, because once you start one of these masterfully written adventures, you won't want to stop. I had to tear myself away to get some sleep!"-- Andrew Peterson, bestselling author of the Nathan McBride Series The Cold Blooded Assassin Series Cold Blooded 1 Cold Blooded 2: Killer Moves Cold Blooded 3: Sins and Sanctions Cold Blooded 4: Bloody Shadows Cold Blooded 5: Nightmare in Red Cold Blooded 6: Red Horizon Cold Blooded 7: Hell on Earth "Bernard Lee DeLeo is one of the purest writing talents I have ever had the pleasure of reading - a brilliant writing talent that I can only envy." James Byron Huggins - New York Times Bestselling Author

Customer Reviews

I wholeheartedly agree with the five reviews before mine. This newest Cold Blooded/Hard Case book is a winner! Adding a "future" feature makes it even better. Johnny comes to the rescue of a terrorist seeing himself before Nick rescues him from the death cult and the future story incorporates the newbie as well. Even Jean and Sonny gather a friend or two to add avengers into the mix. El Meurto has a ball killing the bad guys with me cheering him on all the way. Somali Mafia terrorists? No way can they stand up to our heroes who love America and do anything and everything to keep her safe. Corruption in the government is dealt a swift blow with no holds barred. I, too, stop reading a book when one of Mr. DeLeo's is released. I can't get enough of his wit and thought-provoking storylines. Adding the first John Harding novel in the Hard Case series is a bonus for those who aren't acquainted with the early years of his fight career.

Hell on Earth definitely meets and exceeds DeLeo fans' expectations. The Unholy Trio (aka Reaper and the Unholy Trio), working hand in hand with the Monster Squad, deal with terrorists and death threats instigated by a treasonous Congresswoman and her enablers. John Harding fights a Sumo wrestler, Jean and Sonny take on six bullies, Cala the Cleaner gets a new name, the crime rate in Chicago sees a decrease, and terrorists are imported on a container ship. In the future story, Political Malaise, Rachel is a councilwoman in their town being overrun by Somalis. Goon squads and voter fraud have ensured the election of a Somali mayor. There is much work to be done. In the first book in the Hard Case series, newcomers learn how it all started. John Harding is fighting opponents in an old warehouse while the local politicians, who wouldn't miss a fight, look the other way. John's day job is bringing in bail jumpers and providing escort and bodyguard services. He is in

the process of setting up his own business and picking up his crew along the way. They use some pirates for target practice until backup arrives. Sadly Harding is hooked up with the shrewish Tess who continually has to be rescued and never says thank you. If the Grammar Nazi had proofread this book, she would have corrected 279 errors, 110 in Hell on Earth, 13 in Future Story, and 156 in Hard Case. All of DeLeo's books are beyond compare, and I have enjoyed every one.

Nick McCarthy is a real American hero. He sees the world in black and white terms of right and wrong, not skin color. He believes that people should have freedom of choice, like love this country or get the heck out of it. For those choosing to try to destroy the American way of life, he assist them by allowing them to make their arguments at the high courts of the afterlife. This series of books are a throwback to the old west, where justice and values were decided by who shot first and the straightest. These books are not for the faint of heart, nor those who object to standing up to bullies instead of bowing at their feet. Pure unapologetic entertainment.

Once again, the Unholy Trio and the Monster Squad have struck a blow for decency and common sense by wiping out indecent peabrains who would sell our country down the liberal river. Too bad they are only fiction. The USA could use a few good men and women to bring it back from the brink of politically correct suicide. From Pacific Grove to Oakland to Chicago to Dearbornistan to Washington, DC those who ride for the brand put the fear of cold-blooded patriotic Americans into the hearts of its enemies.

As always Bernard Lee DeLeo has produced another action packed very hard to put down novel. It grips you from the very first page. I am only sad that I have read it already. It was much better when I first started reading his books because I knew that he had a bunch more that I hadn't already read. It is so politically incorrect and he writes with a lot of humor albeit dark humor.. I have not ever read a book by this author that I didn't really love. It would be an honor to someday actually get to meet him and shake his hand. I think he would fit right in with me and my friends here in Oklahoma.

What a great book. I couldn't put it down. There were epic scenes; Lynn's knife fight, John Harding against the huge Japanese, Jean's takedown of the BLM kids at school. All in all, a novel ripped from the headlines of today. If you are tired of the politically correct B.S., these books are our panacea. They allow us to admit what we would really like to see done if our government simply had the balls to do it.

Best Series Ever Enjoyed. I had to wait on book 7, having started the Assassin series a year and a half ago. Loved Nick's first book like no other, then plowed through the rest without stopping. Then discovered John Harding and went through all those, Now also enjoying the Viper, Cracker and Kong follow-on lives. Bernard, you are amazingly prolific and uncannily hell-a-good at what you do. This book 7 is no-less amazing than any of the others. Thanks for the unforgettable experience so far. Now I must sidetrack into all your other works while I wait for the next Nick McCarty appearance doing God's work for a nation that is seeming just now to learn how to save itself. All the best to you, wise one.

Amazing! Every page is a turner! I say it every time...it's the best. So much action and the crossover with Harding series, it's the best. Pulp Fiction so well written and with Bernard Lee DeLeo, you can't miss. Loved it and anxiously waiting for the next book. ♡•♡
