## **Customer Reviews**

Who doesn't like cute guys? This book should appeal to anyone who wants to color in his/her own fantasy man with well-drawn illustrations of sexy heroes and guys next door who invite you to practice your shading skills on abs, biceps andÃ¢Â¡ahem. There are wrestling guys, surfers, a cowboy, and a firefighter. Yes, there's a trio of strippers. A man inviting you to join him in a bubble bath, and aww, look at that teddy bear. The guys on these pages invite you with a sexy smile, and a few challenging smirks, to dive in and have some fun. There are 24 pages, with illustrations on one side of the page only. No perforations. The paper is thin to medium. If you use markers, you're good if you stick a piece of paper behind your work. I need to mention that while tastefully drawn, I wouldn't recommend this book for kids. There is no vulgar nudity, and there are a few pictures featuring male couples. Heck, you can form your own opinion on the market this book was created for, but that doesn't mean a suburban housewife who writes (and reads) romance novels can't enjoy

this coloring book. And I really do love it. The drawings are so well done, neat and clean lines, with just the right amount of detail. So yeah, I'm going to be perfecting the fine art of shading skin tones with markers. What about you?

I use coloring books to explore and experiment with color combos mostly. The quality of paper in this book is great for a variety of mediums. I've used colored pencils, markers, and even watercolor. I don't recommend the watercolor though, but still - I'm impressed with the quality. The images are fun and illustrated well.

I really like the hunky men! LoLÃ¢ÂÂ

I found the artwork to be very impressive in this creative coloring book. Cute guys galore! Fun from the first page to the last!

Definitely aimed at the gay audience.
