The Ethics Primer For Public Administrators In Government And Nonprofit Organizations

Synopsis

This concise text is a reader friendly primer to the fundamentals of administrative responsibility and ethics. Your students will come away with a clear understanding of why ethics are important to administrators in governmental and non-profit organizations, and how these administrators can relate their own personal values to the norms of the public sector. Since the publication of the first edition of *The Ethics Primer*, there has been significant change in the climate of public affairs that impacts the discussion of ethics for those who serve the public in governmental and nonprofit organizations. The new edition reflects those changes in three major areas:

- Ethics in an era of increasing tension between political leaders and administrators over the role and size of government.
- Ethical choices in making fiscal cuts or imposing new taxes in the face of the greatest economic crisis since the Depression.
- Ethical challenges to established practices in public organizations.

The Second Edition also offers thoroughly updated data and sources throughout, as well as examples that incorporate new research and new developments in government and politics. *The Second Edition of The Ethics Primer for Public Administrators in Government and Nonprofit Organizations:*

- Introduces readers to the fundamentals of administrative responsibility and provides comprehensive coverage of the important elements of ethics.
- Features an accessible and interactive approach to maximize understanding of the subject.
- Includes information on the nature of public service and the ethical expectations of public administrators, as well factors that may lead to unethical behavior.
- Written from a political perspective, the book addresses questions that are highly salient to persons working in government and nonprofits.
- Offers helpful ways to link ethics and management in order to strengthen the ethical climate in a public organization.

Customer Reviews

Great book, quality!

Excellent condition--new. Excellent book.

Perfect for class:) Love it!

Excellent Product and Service

Thx

Rented this book for my masters program class. Great deal and good book.

Almost the same as the earlier edition.
