Customer Reviews

Tiger McKee, the founder of Shootrite Firearms Academy, has been working with the AR-15 platform for over 30 years, with 20 of those years devoted to the serious study of the AR-15 carbine, its application and instruction. For 10 years McKee worked as an adjunct instructor at the famed Thunder Ranch shooting school, as well as teaching sniper classes at Rifles Only. He is a graduate of the FBI's Firearms Instructor and Sniper class, and currently works as an adjunct instructor with the FBI teaching handgun and carbine skills in their Instructor Development classes.

AR-15 Skills & Drills is a great training manual for those new to the AR platform. I bought our copy when the weather was bad here in the good old Pacific North West. This gave me a chance to set with my wife and go over basic rifle principles, so when we go to the range we have a leg up on proper procedures. I myself have spent many hours with the AR rifle and still found many useful tips in this book. Beginner or experienced you won't find this book a waste of time or money.

Being a "newbie" to AR's, this book really teaches us the safety, technics, and mechanical problem solving that can and will happen when operating an AR. So excited to continue learning, practicing, and mastering this rifle. An EXCELLANT instructional guide. Tiger makes it simple to understand and execute the skills and drills.

If you are new to an AR-15, this is a great book of information for you. Covers a wide variety of helpful topics. Very good tips and suggestions for dry fire drills and practice to better your skills. Loved it!

Great book. Highly recommended.

A must read !

Great read Tiger knows his stuff and how to present it!

Very good basic skills course

As always, Tiger does a great job teaching. I'm already highlighting and flagging his latest book. Recommending it to all my range buddies. One of the best chapters on malfunctions of the AR platform around.
