The Irregular At Magic High School, Vol. 5 (light Novel): Summer Vacation Arc +1

Synopsis

After the conclusion of the Nine School Competition, summer arrives in force, bringing with it that most precious salvation for students--vacation! Shizuku invites Tatsuya, Miyuki, and their friends to her family's island villa for a bit of fun in the sun, but all of this is just a pretext to set the perfect tropical stage for Honoka's romance. Meanwhile, the ace of Third High, Masaki, entertains Kichijouji at home, unaware of his partner's struggle with self-doubt. Shun finds himself playing bodyguard to a beautiful foreigner, and Eimi is cornered for a secret she can't reveal at any cost. The one who's got it toughest, though, is Mayumi, who's desperate to find the next student council president before time runs out!

Kana Ishida is the illustrator behind the hugely popular light novel series, The Irregular at Magic High School. Tsutomu Sato is the author of the hugely popular light novel series, The Irregular at Magic High School.

(Disclaimer: So let me first say that, yes I am a fan of this series and thus I've read the fan translations of the books through #14 and watched the anime several times.) This book picks up where the fourth left off at and wraps up some loose ends before the next arc (Yokohama Disturbance aka Theses Competition). In fact the stories included in this book weren't part of the anime (I believe they were going to be released as OVAs at some point), so if you're reading this

series as how it follows the anime, this book happens between episodes 18 and 19. Most of the stories in this book would be in other animes entire filler episodes (think beach, hot springs, and amusement park episodes) which makes the book a low point between the second and third arcs. Here's an outline of each story (with minor spoilers mind you);

1. Summer Vacation - A beach trip with the main cast where they go to visit Shizuku's parents' vacation home. In this story not much happens outside the norm beach episode except that the other characters see some of Tatsuya's physical scars and Honoka's feelings towards Tatsuya are progressed.
2. The Honor Student's Extracurricular Lesson - This story follows Hattori as he is still wrestling with the idea of Blooms vs Weeds and his run in with a mysterious young lady who is being pursued by shady government officials.
3. Amelia in Wonderland - Amelia aka "Eimi" is the main star in this story which takes place at an amusement park with a few other side characters.
4. Friendship, Trust, and Lolicon Suspicions - We touch base with Masaki Ichijou and Kichijouji aka "Prince George" to see how they're doing after the Nine Schools Competition. Several other members of the Ichijou family are introduced here as Masaki and Kichijouji hang out after school.
5. Memories of Summer - Two tales told as one, both involving Tatsuya and Miyuki in extraordinary circumstances.
6. The Student Council Election and the Queen - This final story covers the selection process for the new student council president and the drama that unfolds around that event.

All in all the fifth book feels short due to it's varying stories even though it is 254 pages in length but it is well written and as outlined above, it pays homage to most of the characters and their various exploits and adventures during the summer.
