Customer Reviews

This is the best autograph price guide available! I like it because it is published by the leading autograph entity in the world! Autograph Collector magazine is great, and the publishers have been putting out the magazine for over 12 years! No one has better access to current, up-to-date data than the publisher of this book.

The book is great in showing the values of many famous people's autographs of pictures, letters, or just signatures on index cards. The only downfall of the book is that it doesn't have any sports athletes listed in the book.

This book is fantastic! It lists the values of anybody who's anybody. Accurate and up to date, with tons of really useful hints on collecting autographs.

Hundreds of pages listing values. I would have liked more information on each auto. Also more informative chapters. And more examples.
