What's Cooking At Moody's Diner

Synopsis

Here is a larger, redesigned edition of a tried-and-true classic cookbook inspired by the favorite Maine diner of travelers and natives alike! Like its famous namesake eatery, this cookbook almost needs no introduction. The original edition went into 15 printings, because recipes such as these simply never fall out of fashion. However, even more good recipes have been approved and appreciated by the clientele of Moody's Diner in the past decade or so and more great anecdotes and photographs have been collected, so clearly it was time for a bigger and better edition of What's Cooking at Moody's Diner. Fifty-nine new recipes were added, and "by popular demand" the diner-size recipes are now presented in family-size versions as well.

Customer Reviews

My grandmother is from northern Maine and used to stop at Moody's when driving to and from to visit family, in her old age she can't do that as much and so she was so happy when we got her this for her birthday! Any true Mainer would appreciate this book!

This is one of the most fantastic cookbooks in my library --- and, believe me, I have a FEW! I bought one of these for myself quite sometime ago and have recently purchased two more as gifts. All the recipes in this wonderful little book are so easy and all ingredients are usually things that are already in your pantry. If you love to cook and enjoy sitting down to fantastic meals -- then I highly recommend this book to you!!

Enjoy all the old recipes.

I got this one as a gift for a Maine young woman who is now living in Rhode Island. She loves it as I do.

My 2nd copy, the first for me and the 2nd for my daughter as a gift. We love this cookbook.

Bring back wonderful memories of my childhood. I still love eating in diners when I can find them on my travels.

This is a book that completes the other cookbooks that I have. There are so many homestyle recipes in it, that I feel nostalgic even reading the recipes.

This book would serve as a souvenir if you're a fan of the good ol' days at this apparent old-timey Down East institution, but if you're looking for well-written recipes for diner-style food that you'd actually want to eat in our current millenium, look elsewhere. Disappointing.
