Learn To Read With Tug The Pup And Friends! Box Set 3: Levels Included: E-G (My Very First I Can Read)

Synopsis

Enter into the world of reading with My Very First I Can Read! This comprehensive emergent reading program addresses all the components of reading mastery based on the latest early literacy research. Written by educator and reading specialist Dr. Julie M. Wood, with lively illustrations by Sebastien Braun, this Common Core-aligned program stars Tug the Pup and an endearing group of characters who will lead beginners through the proven steps for successful reading. The Learn to Read with Tug the Pup program features important Common Core State Standards connections, including sight word vocabulary, simple text, strong picture support, and character and plot development. The eleven short stories in box set three are Guided Reading Levels E-G, which means the vocabulary, sentence structure, and plots are still simple, but richer than box sets one and two. Each box set also comes with reward stickers and a Parents' Guide that provides hours of additional reading activities.

My Kindergartener son is still on Level D but he is starting to read Level E books, I bought these next level readers to try to advance him to the next level. These books I must say are superior to the Level E books from scholastic. Don't get me wrong, I gave the scholastic Level E books 5 stars as well for they are helpful in getting the kids to read, but these have more grown up look, with more punctuation, more of a story/plot and they seem more advanced than the scholastic Level E readers.

This box set is great! My daughter is 5 and we started with Tug the Pup box set two before moving onto three. Thanks to these books, my daughter has gained confidence reading and we no longer have meltdowns when she gets frustrated with unknown words. I wish there was another set! She is more than ready for first grade next year.

Extremely happy with these 1st readers. I bought all three box sets, and my 4 year old is doing great in his quest to read. I'm shocked at how fast he's advancing.

I bought these in the middle of the school year because my daughter was having some trouble reading. I started with the set before this one and then just focused on this set after she tested for level D. The school year is about to end and she is now at level F!!! I am so grateful for these books! They are cute, funny, quick and to the point. She loved the stickers and since they are short she felt confident to read them on her own.

These are great books to help kids learn to read. I got them for my 5yr old and he loved them

We love the leveled readers for my kindergartener. They are small booklets but the story and pictures are well laid out, perfect for an emerging reader. It's a small box so don't be deceived into thinking you're getting large books. But at this stage in the early learning curve, less is more.

PERFECT for my 6-1/2 year old first grader.

My 6 year old enjoys reading tug the pup
