Customer Reviews

Tracker (Classified K-9 Unit) by Lenora Worth -- This book is one of six books in which the dogs make up a unit with their human FBI partners. While each book is a stand alone book, there is a unifying thread woven throughout each story. I found these books to be delightful, suspenseful, romantic stories complete with the good guys and the bad guys. Being a dog lover, I, of course, fell

in love with the dogs. I could not put each book down until I had read it through to the end. These books are clean and present good, Christian values. I love that the FBI men were so good to the women they were protecting in these books. In this book, the K-9 team must protect a mother and her toddler. The unspeakable anguish of a mother trying to protect her baby! I hope there will be more K-9 books!
