Mike Shipley is a supplier of woodworking materials, a woodcarving instructor, and the author of Hand Carving Snowmen and Santas, Whittling the Old Sea Captain.

Nice book but it would have been nice if it mentioned the other tools on the cover, as I usually just use carving knives. For an experience carver it's not a problem. Pictures are well done Only

problem is the mates dress just doesn't seem to fit. Overall; nice book

Revised edition is a disappointment. Sad

One of the favorites up here in Maine...!! Always popular, and now it appears I can easily do some variations myself...!! Book makes it simple to follow through the whole procedure. Worth the price...!!

just as i'd hoped. complete instructions backed up by complete illustrations. on second thought, it's even better than i had hoped!

all amateur whittlers can not go wrong with any book by this author

I enjoyed caving the set of characters.

Mike Shipley is one of the best caricature carvers in America! This revised edition is easier to follow with all the step-by-step photos in color.

This is a great product, it was exactly what I expected. I think this will be very helpful. I would recommend this item to anyone.
