Even though the paper is a little thinner than I'd like for a bookmark, coloring these and being able to give them as gifts without gluing them onto cardstock first is really the way to go. They have designs on both sides so I found out the hard way water based fineliner markers will bleed through. There is really no where to test any medium before you use it so I hope that people will read this before buying. Gel pens and gel Pen fineliners did not bleed through however. Most of the designs are not really detailed requiring fineliners but every now and then you'll run across some detailing that needs them.

Love the cards and bookmarks !!!! All are a great tool for sharing with others to let them know you care and have them in your thoughts!!! They help to inspire and uplift those who may be fighting depression or are going through a difficult time !! Grandchildren and my daughters love them !!!! Fun to color and create your own pallet that is pleasing to the one to whom it is given !!! A good variety to reach your many friends and help make new ones !!!!

good quality bookmarks - fun to color w fine marker or pencils

Making these for my sisters in beautiful colors, Would recommend for anyone that loves bible verses Made out of thick stock. Have laminated them to give as gifts after coloring them!

I order another pack so that. I can color them and give to my friends.

Just like stated.

I get bored coloring huge pages in the coloring books and these bookmarks are the perfect size. They have cute doodles, inspirational verses, and useful once colored :)

These are so nice and they're fun to color. We got them to have on hand as small gifts to tuck into a card for birthday, thinking of you, etc. Great price and wonderful product. Very happy!
