# Readings In Baptist History: Four Centuries Of Selected Documents

## Synopsis

Readings in Baptist History compiles four centuries of notable religious documents, from John Smyth's "The Character of the Beast" in 1609 all the way to the 2000 revision of the Southern Baptist Convention's "Baptist Faith and Message." This primary source Baptist history book can be used as a companion to larger history texts or stand strongly on its own. In all, it contains key information concerning the theology, origins, conflicts, denominational organization, and historical events of early English Baptists, American Colonial Baptists, Southern Baptists, American Baptists, the Baptist Missionary Association, European Baptists, Baptist Bible Fellowship, the Cooperative Baptist Fellowship, and much more. The book also profiles influential pastors, theologians, missionaries, and Baptist leaders.

Joe Early, Jr. is assistant professor of Religion at the University of the Cumberlands in Williamsburg, Kentucky. He holds a degree from Cumberland College (B.S.), Midwestern Baptist Theological Seminary (M. Div.), and Southwestern Baptist Theological Seminary (Ph.D.).

A book by J. Early Jr. "Readings in Baptist History: Four Centuries of Selected Documents" is a big gift to Baptist historians and theologians. This book does not contain all four centuries of Baptist documents but only the most important. The book starts from John Smyth's documents and it goes all the way up to the Baptist Faith and Message 2000. There are no explanations and historical

context for the documents. Also there are not much documents from the early part of Baptist history. If you want a better view on historical Baptist documents you need to buy this book plus H. Leon McBeth "A Sourcebook for Baptist Heritage". I encourage everyone who are interested in Baptist history buy "Readings in Baptist History" and learn from these documents.

Good read and has a lot of interesting points
