Wonderful and completely up to date

Overall an Excellent update, as usual. I was disappointed the Pairpont Lamps were not as plentiful as usual. I also was looking for other Reverse Painted Shades..not so much either. Guess I got tired of Cups and Saucers!Nodie Q

It is a book that is hard to follow, but it has a lot of information, not enough pictures but I still need to learn to use it.

I'm just not impressed. This is my first time purchasing this and I will not be buying any updated versions. I was hoping that it would contain information that was not easy to find on the internet, but if you know how to do a good search, you can find it. They have set themselves up as the premier experts and for this price, I would have expected more than what I can find on a good Google search or sold on eBay search. That being said, if you are not comfortable with internet searches, then you may find this helpful.

Good although outdated

Perhaps I am at fault here but t his isn't aN EASY TO USE BOOK. I DO NOT FIND IT ALL THAT HELPFUL BUT I AM ALSO NOT INTO ANTIQUES SO MAYBE THAT'S PART OF THE PROBLEM.

I buy Kovels every year! It's not the holy grail, but a very use full tool.

Not quite as practical as I had hoped.
