Pagan Portals – Gods And Goddesses Of Ireland: A Guide To Irish Deities

Synopsis

A concise guide to the Gods and Goddesses of pagan Ireland, their history, mythology, and symbols. Rooted in the past but still active in the world today, the Gods and Goddesses of Ireland have always been powerful forces that can bless or challenge, but often the most difficult thing is to simply find information about them. This short introductory text looks at a variety of different Irish deities, common and more obscure, from their ancient roots to the modern practices associated with honoring them in, an encyclopedia-style book with entries in easy-to-use sections.

Customer Reviews

This is quite the impressive little work. Pagan Portals books are meant to be short, introductory works on their individual topics. Daimler's "Gods and Goddesses of Ireland" is that, and a little bit more. Honestly, if you are looking for an exhaustive work that details each of the Gods and Goddesses within Irish mythology in exquisite and definitive detail, this won't be that book. But, if you are like me, and just needing a place to START into Irish mythology, this is definitely the book for you. Daimler breaks the book into sections detailing the male and female Tuatha De Danann in

the first two sections, and then adding one with more Gods and Goddesses from Irish mythology that are not detailed into the Tuatha De Danann. The fourth section gives some pointers on honoring the Gods and Goddesses, which I am quite thankful for. And the final section is the Bibliography for Daimler's research, for which I am eternally grateful for! Like I said, this is meant to be an introduction, or if you prefer - a primer towards the Irish Gods and Goddesses. As a jumping off point, Daimler's biography provides the bread-crumbs for the next steps. Highly recommended, especially for novices to Irish mythology, such as myself. --T /|\

In full disclosure, I have been so uniformly impressed by Morgan DaimlerÃ¢Â Â™s work in the past that I pre-ordered this book. I was not disappointed. This book is a brief reference to Irish deities that is separated into three sections: Tuatha DÃ© Danaan Gods, Goddesses and then the deities who are not related to the Tuatha DÃ© Danaan. It is set up in an encyclopedic fashion but does not pretend to be an exhaustive reference. At the same time, there are deities included who are not the Ã¢Â Âˆusual suspectsÃ¢Â Â™, deities who are not, perhaps as generally well known. True to her past performance, the author makes a point of providing a suggested bibliography for further information. This is a very accessible, easy read with very good information and I foresee this being a well-used reference for quick information for such things as ritual writing and memory refreshment.

I am a fan of Morgan Daimler. I have most of her books. This book sits on my desk and I use it. I love that she supply's references which are great jumping points for further research. I find her extremely knowledgeable, easily readable and accurate. This book is a great reference to use alongside the actual myths and I truly appreciate.

Once again, Morgan Daimler does not disappoint. This prolific author's most recent work, "Gods and Goddesses of Ireland, A Guide to Irish Deities," provides a much-needed, concise reference to the ancient Celtic gods. It is unusual in that for many, the concise descriptions provided will give the information needed, but just as useful as the descriptions are the extensive bibliographies cited which provides a substantial diet for those who hunger to perform serious independent research.This is a useful work which belongs in the hands of anyone who wants to know about the Irish Pantheon, from the simply curious to the dedicated researcher.

This is the most enlightening book on the Irish Gods and Goddesses that I have read to date. It was also very enjoyable and easy to understand. I only wish there was a way to learn how to properly

pronounce the names.

This is a great , concise introduction to the Gods of old Ireland, and their worship today. Morgan Daimler writes in a very approachable manner, and makes the subject real for us. This is not the first book of hers that I have read, nor will it be the last. Get this!

The first concise and compact book on the Celtic pantheon of Ireland, all in one place. There has been a need for just such a reference work for years. Thanks to the talented Morgan Daimler for filling it. Belongs on every student of mythology's bookshelf, as well as those on the Celtic pagan or reconstructionist path.

I love the layout of this books. It is easy to read and I really enjoyed it.
