Essential Theological Terms

Synopsis

In *Essential Theological Terms*, renowned church historian Justo González provides students with accessible discussions of over three hundred theological terms. Each entry in this two-column work gives more detail than those typical of a dictionary, introducing the meaning of the term, its importance, and ways it has been understood in both historical and contemporary theology. These reliable discussions of the most common ideas and concepts encountered in theological studies will make this book indispensable for students in all stages of their education.

Book Information

Customer Reviews

"A most welcome addition to the growing number of accessible reference works in theology. Its entries are historically rich and its back-to-basics approach excellent. It will make learning the vocabulary of theology a far more inviting experience for students." - Ellen Charry, Princeton Theological Seminary "An indispensable resource for students of Christian theology. Gonzalez's definitions are reliable and pithy as well as informative and thought-provoking." - Roger E. Olson, George W. Truett Theological Seminary, Baylor University"

"A master in the history of Christian doctrine, Justo González here puts on display an entire theological treasury. Its gems take the shape of concise and clean-cut definitions of classic concepts, phrases and positions, as well as more recent inventions, movements and controversies. This coherent collection deserves to become a first point of reference for theological students, scholars in other fields, religious journalists, and all who are seeking accurate initial information

across a whole range of interests." —Geoffrey Wainwright, Cushman Professor of Christian Theology, Duke University "A most welcome addition to the growing number of accessible reference works in theology. Its entries are historically rich and its back-to-basics approach excellent. It will make learning the vocabulary of theology a far more inviting experience for students." —Ellen Charry, Margaret W. Harmon Associate Professor of Systematic Theology, Princeton Theological Seminary "An indispensable resource for students of Christian theology; every theological library of any size should include it. Gonzalez's definitions are reliable and pithy as well as informative and thought-provoking." —Roger E. Olson, Professor of Theology, George W. Truett Theological Seminary, Baylor University

A wonderful set of short articles in a handy form! It loses a star with me, because the Kindle edition is very poorly linked. For example, when I click "Presbterianism" I get "premillenial" instead. Many, many terms are linked to somewhere in the vicinity of the article for the term sought, but not on it.

A handy book, a good resource. Gonzalez is a very well-respected scholar, and really knows what he's talking about, and expresses even fairly technical things in an accessible, yet accurate, way. In the Kindle edition, it would have been very useful to have had a searchable Table of Contents - or failing that, alphabet tabs - for browsing. That's the only reason I didn't give it five stars.

I am a seminary student working on an M.Div.. My undergrad, however, is in Accounting, and I do not have a complete background on all of the terms and concepts I am now encountering in my studies. Gonzalez's book, Essential Theological Terms, is proving to be a fantastic companion to leave on my desk. Definitions appear to be just the right length - long enough to cover the subject and explain the definition, but still short enough where only a quick reference is required to gain an understanding, or refresh my memory, about a concepts covered previously in a textbook. I can tell this is going to be one of my go-to reference books going forward.

Used for my Seminary studies. Great resource.

Gonzalez simple and concise definitions in this book have been incredible helpful over the years. It seems like an odd purchase at the time. However, it has paid for itself many times over.

Mr. Gonzalez book on Essential Theological Terms is a wonderful resource for definitions and

meanings of theological terms. He wrote it as he explains, to fill a gap in understanding of terms used by theologians. It definitely fulfills his purpose and is a great 'go-to' book for people who want a clearer understanding of the language used by religious writers.

I didn't have any expectations, it was a required reading book.

Thank you for shipping the book! The item is as described. I'm very sorry for the LATE feedback. God bless
