The Annotated Luther: Word And Faith, Volume 2

Synopsis

Volume 2 of The Annotated Luther series contains a number of the writings categorized under the theme word and faith. Luther was particularly focused on what the word "does" in order to create and sustain faith. Writings in the volume range from the large core documents Bondage of the Will, Against the Heavenly Prophets, The Smalcald Articles, and Large Catechism to Luther's own Confession of Faith and treatments of Moses, the Gospels, and Two Kinds of Righteousness. In the treatises in this volume, we hear Luther's understanding of Scripture and theology as he continues his growth as teaching theologian, pastor, biblical exegete, and apologist for the faith. Each volume in The Annotated Luther series contains new introductions, as well as annotations, illustrations, and notes, to help shed light on Luther's context and interpret his writings for today. The translations of Luther's writings include updates of Luther's Works, American Edition or entirely new translations of Luther's German or Latin writings.

"The Annotated Luther series provides a very welcome resource for meeting Luther again in the contemporary world. With language refreshed for our time, we can see more clearly Luther as a man who is actively grappling with a society undergoing dramatic challenges economically, religiously, and socially. By providing skilled commentary from scholars around the world and from diverse theological perspectives, this work will be of great help for modern Christians seeking to

adapt and extend the insights from the Reformation to modern challenges." --Maria E. Erling, Lutheran Theological Seminary at Gettysburg"As no other comparable series, The Annotated Luther provides the reader, whether lay or ordained, with a collection of the Wittenberg reformer's most important writings that is at once learned and highly accessible. Here Luther's works are presented in up-to-date translation with helpful introductions, explanatory notes, and engaging images. A must for the student and scholar of Luther alike!" --Ronald K. Rittgers, Valparaiso University"Professor Stjerna and her team of world-leading Reformation scholars have done us all a great service in fixing their eyes for detail and context onto these important writings of Luther. Those new to the Reformation saga and even those familiar with its events and debates will learn very much from these pages. By keeping readers honest to context when approaching Luther's theology, they invite church and academy to remain honest about their own missions, failings, and need for reform. A splendid, and eminently useful, achievement." --Derek R. Nelson, Wabash College
