The Anatomy Of Transformation: A Proven System Creating Results For Over A Quarter Century

Synopsis

The Anatomy of Transformation is a proven system that has been used over a quarter of a century helping take individuals and businesses to the next level... no matter how successful they already are! The system outlined in The Anatomy of Transformation is what the author has used himself to go from a life that was destroyed mentally, emotionally, spiritually, physically and financially to being a leader in the business consulting and coaching field. This system has also been used to help his clients get amazing results. One client increased their gross revenues by over 93% in one year. While another client became one of the 10 fastest growing companies in NJ in 2014. This system has helped companies of all sizes and all industries go from where they are to where they desire to be. It is not "theory". It is a proven system that leads to amazing results. The Anatomy of Transformation outlines the 7 phases that you must go through to achieve Transformation in your life and in your business. This system has been used by sports figures, entertainers, students, entrepreneurs and everyday people who were committed to getting more out of themselves, their careers, their employees and their companies. No matter what area of life you are looking to transform, the "system" for transformation is the same. In the book learn how one company went from 15 employees and \$32 Million in annual revenue to over 60 employees and \$124 Million in revenue in just 18 months. The journey begins now!
