## Synopsis

Let's Get This Party Started is a guide to more than 15 parties you can throw for your kids that are inexpensive, wildly inventive, and fun. Each party includes two crafts, one game, and one recipe—all of which you can put together with your child. Author Soleil Moon Frye also offers countless tips and ideas that will inspire you. Among the thematic parties featured in the book are the fairy party, the pirate party, the movie-on-the-lawn party, the camp party, the '80s party, the rainbow party, the Halloween party, the luau, and many more, captured in gorgeous and colorful images by Frye's brother, photographer Meeno. Timely and fun, this book is a must-have for parents who love entertaining with their kids. Praise for Let's Get This Party Started: "Quality children's party books are high in demand, so this may be a welcome resource for families with young children . . . Recommended."—Library Journal

Enthusiastic, spunky, and positive, Punky Brewster was the quintessential '80s kid. Today, Soleil Moon Frye, who played the classic character on TV, is a married mom of two, an author, a regular contributor on NBC's TODAY show, a momtrepreneur who parlayed her successful kids' clothing line into a partnership with Target and now serves as Target's Mommy Ambassador, and a social media maven with more than 1.4 million followers on Twitter and a Facebook community of more than 600,000. Frye resides in Los Angeles with her husband, Jason, and their two daughters, Poet and Jagger.

I just used this book to give me ideas for my sons 3 rd birthday party and my good friend just borrowed it for her daughters party. This book is great for moms who want to throw a cool party for their kids, who don't want an out of the box party store package, and want to have fun doing it. Oh and be budget mindful! This also helps you create your own ideas from suggestions she has made and getting kiddos involved in preparing for the party. And the book is equal for both boy and girl party ideas! I have two boys and everything always seemed so focused on girls. This book provides wonderful ideas for a boys party. I wish I could thank the author personally!

Ohhhh I LOVE THIS BOOK!!! Punky Brewster lol has grown up to be a great CREATIVE MOMMY!! She REALLY has awesome ideas . I TRULY enjoyed every page , every chapter , and she offers a lot of pictures which I really enjoyed!!

My husband and I gave this book to our granddaughter for Christmas. She has already used it for her daughter first birthday present. There were great ideas, most of which I had not seen before. Many of the guests remarked how much they enjoyed many aspects of ideas she got out of this book. It is a really interesting idea book and our great-granddaughter delighted in her party!

Very cute book! Loveeeee punky lol

I bought this for my daughter to use for our 4 young grandkids. There are some really excellent ideas here. I know she will not use all of them - but I did feel like (at the sale price) it was well worth the purchase for fun party ideas.

Good buy although I could have gotten most of these ideas off of the internet for free. However it is a good addition to my event book library.

Very simple and cute ideas making it a fun resource. But there were only a few pages per theme and I could have easily found similar ideas looking at a blog or pinterest.

My daughter in law enjoys doing things with the kids. They vary in age so sometimes it is difficult to find things that both children would like to do. This is perfect.
