Beautiful story of Paul's missionary journeys with beautiful photography!

A beautiful book.

Great book with great pictures.

Great coffee table book! Biblically based, beautiful photos and historically accurate. Love this book. Well worth the money. Brand new, timely delivered, and happy consumer.

Pictures were beautiful- commentary good- could have used a proof reading as some words ran together- but the story is clean-

We recently visited Turkey, Greece (and Rome) with a BJU sponsored group and were quite impressed with the accuracy and beauty of the book.

Beautiful photos that make you feel you are there. The text and history is average. But a good beginning to help you take the voyage yourself.

I got a Kindle edition - black and white - so much is missing in not having it in color. The content is excellent. I'm just disappointed that my Kindle will only view black and white.
