## Customer Reviews

Beautiful book, with clear, easy, delicious, recipes. Great writing and images.

Everything in this book is CRAZY DELICIOUS with simple, real ingredients.

Every recipe I've tried from this book (around 12 so far) has come out amazingly delicious and perfect--received so many compliments that are owed to Ms. Stone!

This is one fabulous cookbook. I have made six recipes and all have been outstanding. These are simple recipes, the way I like to cook. No five thousand ingredients plus flowers. I am crazy about her vegetable section. She should do a whole book on that subject. The book is organized well, and is beautiful. I loaned the book to a neighbor and she went and bought her own copy.

No really. No. Really. I have now made half a dozen of the recipes and each one is more delicious than the last. I love simple, rustic food and Mina totally nails it, plus it's one of those aesthetically pleasing books you want lying around for when people come over or you have a spare moment to peruse at your leisure.

The book exceeded my expectations. The photography is amazing.

Fabulous recipes! Mouthwatering photos! Put a taste of the Mediterranean on your table with these recipes -- delicious flavors, clever combinations and recipes that are just not too complicated. Everyone can be a great cook with this cookbook! I've already given it as a gift to several friends -- professional women who appreciate fine food but don't have a lot of time to spend in the kitchen. It's already a hit with them!

Amazing. Delicious. This book is everything I need to prepare an icredibly satisfying meal for my family and friends. Besides the beautiful pictures and clear instruction, it's just unpretentious and really f\*\*\*ing good food. I highly recommend it! Go Mina!
