## **Customer Reviews**

Amy Knapp was a businesswoman with a promotional advertising company when her daughter contracted meningitis at the age of two months. Realizing that she was going to have lifelong challenges and disabilities, Amy sold her business to become a stay-at-home mom, only to find that her organizational tools didn't help her be productive in a home environment. To fill the gap, she created Amy Knapp's Family Organizer, now in its sixth year with accumulated sales of over 500,000 copies. She lives in Kalamazoo, Michigan.

I love it! I've been using the FlyLady calendar for as long as I can remember, but wanted something different this year. I was worried about the size of the date squares, but they're just about the same

size as my old calendar - perfect! I like the added space for dinner menus and all the extra areas for monthly tips and reminders. The only thing that would make this better would be a pocket in back for things like calendar stickers, school schedules, etc. Otherwise, perfect!

As the mother in charge of a family of 6 people a good calendar is critical. THIS is a good calendar. My only word of caution is the pages are a little thicker than printer paper, so I have avoided felt tip pens for fear of bleed through. Lots of room, REAL pages for August-December of 2016, not just one page with them all smashed together. I have all the kids school dates from now to the last day listed. It is a very valuable part of my family control center.

This is the second big grid wall calendar I have purchased by Amy Knapp. I love this calendar! Unlike most calendars that have a picture on the top of each page and the days listed on the lower page, this calendar has both pages filled with date boxes. The date boxes allow you to write in multiple things for your day. The date boxes are also lined which makes entering things on the calendar easy. The calendar also comes with a great set of stickers that have everything from doctor's appts, school events, birthdays, etc. One of my favorite features that makes this calendar unique in my opinion is at the top of each month there is a checklist of items to do. For example, one of the tasks on the checklist is to check your Christmas lights and also to clean your pantry out. I love the overall design and layout of this calendar.

This was our first year trying this calendar and we're hooked. Keeps you organized, big blocks to write in, and a big bonus are 5-6 great monthly reminders provided. Ex: this month it's "check your medicine cabinet and restock, dust ceiling fans and overhead light fixtures, check and restock light bulbs, and review your family's emergency evacuation plan, and the school year what can you do differently next year" etc....very helpful!

I buy this family calendar every year; it has worked SO well for our family. We keep it on the fridge and it has room for all sorts of notes. I also love that it has the stickers to highlight important/special dates that need to be flagged. Thanks for a great product!

This is a great paper, wall calendar to help keep your family organized. It's very large so it's easy to read. It's great for seeing the "big picture." I love seeing a whole month at a time...it's just how my brain works. Perfect for large families as there is plenty of space for everyone's activities and

appointments. Also love the dinner slot at the bottom of every day. Will take this opportunity to ask if anyone has come across a calendar that equates the old Thinkbin calendars. They are not produced anymore, but they had a fabulous format. You can still look up Thinkbin calendars here on to see pictures of them. They have to be one of the best I've seen in a wall calendar format. I loved how the days were divided by morning/afternoon/evening. It's like they combined a daily planner format into a monthly wall calendar...BRILLIANT! Would appreciate any ideas or suggestions concerning that format.

My favorite calendar. I get it every year and every year I look over the other options out there but none are what I need like the Amy Knapp Big Grid. I like that it is made of regular paper that I can write on with pencil or pen and it's big enough to write lots of stuff for each day. I don't really use the stickers.

Be warned - the pages of the calendar are not laminated or coated, so writing in marker causes the writing to bleed through to the next month making it hard to read. Once I switched to colored pencil(so each family member could have a color) this was resolved but was initially very frustrating
