This book, as with all of Farmer's titles, is a feast for the eye. Read through these recipes and writings and you want to immediately make that delicious looking peach drink, curl up on the porch and enjoy Southern casual living -- even if there is a foot of snow outside. Highly recommended for casual reading, for cooking hints, and for decorating hints. Everything is beautiful, tasteful and do-able.

The book is beautiful. I gave it to my son as a Christmas gift and he loved it. He is GM for Twang, Southern Tastes and Sounds and is interested in finding new things for the restaurant. Love supporting local people especially when they are so good!
