Tea At Fortnum & Mason

Synopsis

A concise yet sumptuous guide presenting everything there is to know about the art of taking tea, from the internationally renowned store in Piccadilly that is synonymous with style, elegance, and English charm. Celebrating the long-standing British institution, this beautiful pocket book covers everything from the history of afternoon tea drinking to Fortnum's relationship with tea. It also presents more than 45 recipes for all types of teatime delight, as well as guiding the reader through the best types of tea to accompany them. Recipes include Cucumber, Cream Cheese and Dill Sandwiches; Macadamia and Stem Ginger Cookies; Madeleines; Almond and Rose Petal Squares; Honey and Lavender Loaf Cake; and Seville Orange and Whisky Marmalade. Beautifully illustrated with charming vintage tea advertisements and glorious recipe photos, this book is a must-have for tea drinkers everywhere. Metric measurements.

Customer Reviews

"A blast of old-fashioned luxury." â "Telegraph Magazine" The design and recipes in this book are both outstanding" â "Tea With Friends blog

Fortnum & Mason was founded at its current site on Piccadilly almost 300 years ago and its stunning facade and striking window displays continue to draw admirers from all over the world. The store has been selling tea since the day it opened and the range now spans more than 70 different types.

This is a beautiful little book; a nice addition to any tea book collection. There are some wonderful recipes here, and nice photographs. Fortnum & Mason Royal Blend is my favorite English tea blend; however, it doesn't seem to be available in the U.S. Perhaps for that reason, the recipes in this book measure the ingredients in grams; no ounces or cups. Baking temperatures are given in degrees Fahrenheit (as well as C and gas mark). Although small, this is a quality book that most tea lovers would enjoy.

I collect tea books, and this is my favorite. A brief history and explanation of tea is followed by authentic recipes for tea- time. Fortnum and Mason, one of my favorite places to visit for tea in London, has generously shared some of their delicious recipes in this book. Perhaps if you go to London, you will visit one of their sites. They are a three hundred year old grocery that supplies the Queen. The clerks wear tails, and the doorman has a top hat. There is a wonderful tea salon there. Having this book will help me recreate one of my best tea experiences in London!

I bought this book as a gift for my daughter, who had just visited London and stopped for tea at F&M. The gift was a great hit. The book is really nicely done--as a tribute to tea at F&M should be. I'm very happy to give it 5 stars and I think the bookseller also deserves 5 stars for the fine service and excellent condition of the product.

LOVE LOVE LOVE the recipes in this book. I got this as a souvenir and this brought me right back to Piccadilly Square.

I had just been to London for my first and probably only time and was completely unaware of Fortnum & Mason up until walking into the duty-free shop in Heathrow airport. There I found their products and some rose biscuits that were to-die-for. Wanting to reproduce them (since shipping from there would unfortunately be rather extravagant), stumbled upon this book with a key recipe. Multiple recipes look absolutely scrumptious and I'm looking forward to trying them. The book is not just recipes, in the beginning there is actually a history of tea that is a pretty interesting read! Nice illustrations and photos in this book - it's well put together. Nice little book that would make a cute gift for anyone enthusiastic about tea.

Cute little book full of tidbits about tea and recipes, too.

Love the recipes and trivia!

Fortnum and Mason is one of my favorite shops in the whole world. I love everything about them, especially the Teas and delicious confections. I bought this book not really knowing how well the recipes would translate, but boy am I glad I did. Living in the USA it costs a pretty penny to have items shipped to me from the UK. With this book I've been able to recreated some of my favorite items in my own kitchen. the recipes really do turn out just like the store product. I've had so many great comments on the rose biscuits, which is an absolute favorite of mine as well. The recipes are in British measurements, but they are easy enough to convert. This book also has a really interesting read on the history of the store. It is also nice and compact. A tiny little book full of timeless recipes.
