Customer Reviews

My son loves these books and I love reading them so I can pull out my British accent. Anyway, this one did not disappoint and was the perfect read the week before my son's first dentist visit. Not too detailed or scary but not too airy. Totally matched his experience so a win for us. (good moms say pepper not peppa...right?).

Both my kids love Peppa, the way these books are written are the same as the TV episodes so if you haven't watched the episodes on TV then the stories may seem incomplete or lacking in detail. We have watched all Peppa pig episodes at least 5 times! So these books are simply an extension of what the kids watch on TV. They enjoy having me read it to them during bed time and looking at the pictures and pointing out their favorite characters. The stickers in the 'Dentist Trip' were really nice. Great books!

This is a cute and short little book which was perfect for helping my daughter not be afraid of her first dentist trip. Cute and funny little story. Would still definitely appeal to kids who have never seen the tv show or read other Peppa books, as the story stands alone, but would be perfect for a Peppa fan.

We love Peppa books here but this story line was a bummer. I was hoping this would make my kiddo brave for the dentist but it was a really weak story line. It kind of passed over what the dentist does and didn't show any pictures of the dentist working. I would have appreciated that but it's still a cute book

Generally a big fan of Peppa Pig - very age appropriate stories and themes for our two year old daughter. Would prefer if a few more of the 'professional' and traditionally male characters - doctor, dentist - were women.

Wasn't very long....was hoping it would have more to it.

That little piggy This book is nice to help kids with a fear of going to the dentist. My 3.5 year old takes Peppa's word as gospel, so this was helpful to calm her dentist anxiety.

my kids love this book because they love peppa pig and it teaches them that going to the dentist isn't so scary when they see peppa and george excited to go to the dentist
