Forget Her Not

Synopsis

Stunning and sophisticated, art dealer Samantha King is the only person who knows she doesn't have it all (unless you count her mother and sister, which Sam doesn't). When it comes to men, Sam won't make time for anything more than a one night stand. No commitments, no connections. The night her life changes forever is a night Sam actually can't remember. Even so, the indelible mark a woman named Mia Rossi leaves on Sam's heart is something she can't ignore. In her debut novella, Elle Spencer takes us on a heartwarming, humorous journey with Sam and Mia as they navigate life, love and a surprising shared history that complicates things, to say the least.

Customer Reviews

I'm not sure why I decided to read this book but i am so glad that I did. Even though that it's so short it was really worth it, it was a bit funny at times, with a nice amount of angst and so sweet at the end. Lovely story, do yourself a favor and give it a go.

Read this short novel in one setting before bed and had trouble falling asleep. I was crying. This is a

beautiful romance that touched my heart, and not many books are able to do that anymore! Well done to the author.

Really liked the story, the characters and the flow. Can't wait to read more from this author. Would recommend this to anyone that wants a quick excellent read.

I loved this. I was reeled in from the first paragraph. There was a lot of angst and tears, but thankfully love won out. Wonderful first book. I can't wait to read more from this writer.

I really loved this book. I did not put down my Kindle!! I look forward to more books from Elle Spencer.

This was a nice story about the pull of true love and how we sometimes doubt ourselves and let others dictate our choices. Lucky for us and our characters, love wins out and shows the blessings it can give us!

Loved the entire premise of this story. The author is a fabulous story teller. Very nice love story! You can feel the connection between these two women.

Loved this story! Sometimes love is not easy and it takes some twists and turns. I look forward to reading more from this author!
