Customer Reviews

"After all these decades, just when we thought no photographer could possibly bring a new sense of wonder to Yosemite's iconic riches, Mark Boster has done just that. Here is inspired and inspiring imagery born of endless patience—for the right light, a fleeting cloud, rising water—and technical skill honed over a quarter century of devotion to the craft." (Jon Else, director, *Yosemite: The Fate of Heaven*) "As a passionate spectator of the beauty and majesty of the seasons shifting in Yosemite, I'm inspired by photographers who capture the essence of this awe-inspiring place and share it with a broader community. Mark Boster has done this, and more, with his photos. He represents Yosemite in all its grandeur as well as its remarkable details, like an ice crystal on a blade of grass. These masterful images transport me straight into the heart of the park." (Mike Tollefson, president, Yosemite Conservancy 2015-12-09)

Mark Boster has been a member of two Los Angeles Times Pulitzer Prize-winning teams and has

won numerous other photography awards in his 28 years with the newspaper. He grew up in Southern California and has spent much time in Yosemite as a child and an adult. (2015-12-09)

So many beautiful pictures. I was on vacation there, July 2016 and the views were spectacular. These pictures reflected views I could not capture with my camera. Great coffee table book.

The book was a gift and I thought the photography was absolutely amazing.

Beautiful book with DVD. So worth it!

Beautifully done.

I received the book with the cover slightly torn and it was sad because it was for a gift: (

It's a nice book but the photographs aren't as spectacular as I had hoped.

The pictures of Yosemite and all its glory are beautifully depicted throughout this book. Yosemite has been captured as I've never seen before. We have been visiting Yosemite for over 50 years and I purchased several books to give to family and friends as gifts. A treasure to keep forever!

I read a review in the WSJ of this book before ordering - it is as fantastic as promised! Beautiful photography, including DVD. The item ordered was brand new and arrived in a timely fashion from the sender. It was intended as a Birthday gift - and much appreciated by the recipient. Really incredible photos would be appreciated by anyone who loves Yosemite National Park.
