Discourse On The Origin Of Inequality (Hackett Classics)

Synopsis

Donald Cress's highly regarded translation, based on the critical Pléiade edition of 1964, is here issued with a lively introduction by James Miller, who brings into sharp focus the cultural and intellectual milieu in which Rousseau operated. This new edition includes a select bibliography, a note on the text, a translator's note, and Rousseau's own Notes on the Discourse.

Customer Reviews

Text: English (translation) Original Language: French --This text refers to an alternate Paperback edition.

Donald A. Cress is Professor Emeritus of Philosophy, University of Wisconsin, Parkside. His translations of Descartes' Meditations on First Philosophy and Discourse on Method are also published by Hackett.

Jean-Jacques has wrote a interesting and thought provoking body of work. It is relevant for today, reflecting assumptions about this topic we currently make. A recommend read and I look forward to his other articles.

A classic.

well written and goes through each point clearly. I'd recommend to anyone interested in philosophy especially

This product does not include any of the pages my instructor had us read. Do not buy if you are using it for college.

Book served its purpose for my daughter's college class.

Must read book

This book addresses inequalities in life. Books such as this one often make me wonder. How could such intelligence available so long ago, lead to where we have arrived today? This title is certain to open your eyes. I highly recommend this book. Personal enlightenment always makes life easier and happier.

New book, fast shipping, no problems. Thank you!
