Well Said

Synopsis

The Well Said series is designed to improve the pronunciation and communication skills of beginner to advanced students from all language backgrounds. It offers a clear course plan covering the essential areas of pronunciation, including stress, rhythm, and intonation--features that research shows help students the most. Additionally, there are over fifty pages of supplemental activities focusing on consonant and vowel sounds. This level of Well Said introduces the most important pronunciation features at an intermediate to advanced level. A free Website for teachers and students includes the full audio program.

Linda has pursued her interest in first and second language pronunciation for over forty years. She has taught ESL students at Georgia Tech, international teaching assistants at Emory University, and graduate students in applied linguistics at Georgia State University in Atlanta. Her special interests are applying pronunciation research to practice and integrating pronunciation into the oral communication curriculum. She is the author of two pronunciation texts, Well Said and Well Said Intro (National Geographic Cengage) and the editor of the teacher resource volume Pronunciation Myths (University of Michigan Press).

Great product!

I received the book on time and it was very useful to improve phonics.

Useful book for improving my spoken English.

The book is in good condition but few of the exercises were completed using a pen. Found that incredibly annoying, other than that a good deal.

Careful certain books come with cd certain without. This is not clearly indicated - like I'm this case. Without cd it is a pretty expensive and useless book.

No CDrom. But the book is brand new and perfect.

no code!!

I don't understand why the price of the book is so highAnd no CD
