I have been looking for this version for a few years now. I read it way back as a teenager and loved the paintings and style of the book. It reminds me of childhood tales and the "good old days". I am

so glad to have found it on . The print was in good condition. I will read it to my kids now when they are a bit older to appreciate these tales.

An amazing version of the Arabian nights, with unforgettable images by Maxfield Parrish. Might be somewhat prejudiced by the fact my mother read to me from this version when I was 5, but the stories and images are perfect, and transporting to another world. Exquisite..

I fell in love with the book when I was in high school. It was housed in our school library. One day it was my "free period" and since I had to hang in the library, I browsed around for books. Came across this book and was hooked! I love the way the author wrote all the stories and the illustrations were a knock out! The only gripe I have, and it's not with the book, is that I have a Kindle Fire I received as a wonderful Mother's Day gift, and I cannot get the beautiful illustrations. It's what adds beauty to the book. Maybe it is me, but I got slightly annoyed. but overall the book is a joy to have and I shared it with my children. As always it was a joy shopping with !Sincerely,Teresa

I am a retired teacher who is tutoring. 7th grader was assigned the book. It Arrived on time. It is what I expected. Stories are easy to read. Good selection of stories and good size print.

The Arabian Nights, Their Best Known Tales" illustrated by American artist Maxfield Parrish was my introduction into his magically wondrous work. The book was bought for me by my mother on a shopping trip to New York when I was only ten. Many years later I became the authority in this country on this artist's work. I live in his home, have written several books about him and maintain a non-profit museum of his work.A case when an image in that book inspired and gave direction to a little girl.Alma Gilbert-SmithFounder: Parrish House Museum Foundation

The low ratings are for the Kindle format, which is appalling quality. Instead of nice Kindle format, these are scanned images, and the font is way too small to be comfortable. The book itself is great for its genre, and I loved these tales as a kid.

Item arrived within ten days, much sooner than expected. Very impressed with Item being in Pristine condition; Cover is not scuffed, colors are crisp, very clean throughout, quite impressive for a Book over 72 years old!

I ordered this claimed illustrated book: It came with no illustrations, possibly removed. Now I need to return it at my expense. I am extremely disappointed.
