The Book Of Amos: A Commentary (The Old Testament Library)

Synopsis

In this volume, Jeremias suggests that the book of Amos was produced through various stages over time. While he does write from a critical perspective, his creativity offers a sensitivity to literary issues within the text that is often missing from critical work. The Old Testament Library provides fresh and authoritative treatments of important aspects of Old Testament study through commentaries and general surveys. The contributors are scholars of international standing.

Customer Reviews

great

The Old Testament Library Series is one of my favorite commentary sets. I appreciated the scholarship contained therein and admire the commitment to theological integrity modeled by the publisher of this series.

Dr. J. Jeremias' scholarship of this first "writing" prophet, Amos, critical text is superb scholarship.

He handles the usual burden of the historical commentaries which precede his commentary with the usual aplomb and diligence one requires of a Commentator on the ancient classical Hebrew texts. This is a book one must have in one's library, if one is a serious student of Hebrew theological literature and scribal literary culture. The 'real' portions of the texts by the Eighth century [860-850 B.C.E.] Prophet demand reading by our age as we enter our "evil times
