Book by Richardson, Drew, editor in chief

They completely misrepresented the version of the PADI Divemaster for sale, the one I received is 12 years old.... What a rip off!

old version (1990) Padi changes version every year. but was very useful, specially when I had to draw the site map, new Padi divemaster book don't cover that aspect.

Required reading for the Padi Divemaster course. For the more serious diver.

the quiz pages were torn out ! That's the reason I wanted the darn book. I am studying to be a divemaster. Next time buy the new ones if you want ALL the pages
