I'm a lover of many atlases, this one included.

Fair very basic middle school type reference book. While most of the information is easily reached via the web sometime you just need a small reference book.

Serves it's purpose for our Mystery of History program. Nice clear maps. But don't be misled, it is just maps. If you are looking for explanation, this is not for you, because this is an ATLAS, not a

story book. :)

Great for school. Nice colors as well

I ordered this book to go along with my history curriculum this fall and it is exactly what I expected. The quality is great, even for a used book and I received it quickly.

Excellent

I was pleased with the book. It was exactly as it had been explain it's condition would be when it arrived.

I really like the book! It is better than I expected it to be. Thanks so much for your service!
