## Customer Reviews

This book is awesome. I was into one guy for about a year and I couldn't attract him no matter what I did. with the help of this book great tips that were given here, I was finally able to fully take over his mind.

This series is an amazing read!! If you are like me and reading the reviews to see if you will like it... you will!! I am impatiently awaiting for the next book in the series to come out!!!

The world is great, the characters are all individuals with their own thing going, and I loved every page! There was so much drama, but also character development and little fluff or page filler. I liked that everything was necessary and that the characters developed naturally and not forcefully. I can completely see this character realistically. Love the boys, love the bad guys, and love Willa. Can't wait for the next adventure for our chaos girl.
