Looking For Africa: Cape To Cairo In The 21st Century

Synopsis

It started as a simple plan. Three people, six months, one Landrover Defender, 32 000 km. This is the story of how a fun adventure turned into a wrestle with preconceptions about Africa, poverty, development, human nature. It's a story of two journeys, the safari and the political education - interlinked. The story of how seeing Africa opened my eyes.

Customer Reviews

I was sad when I came to the end of Looking for Africa. I wanted more! It's an engaging, offbeat look at the continent by someone who experienced more of Africa over a six-month period than most Africans experience in a lifetime. I might even read it again.
