## Synopsis

Have you ever been on the CityCat and wondered what heritage lies beneath the buildings that you are looking at along the river? This book explores the Brisbane River Heritage Trail one section going upstream and the other one downstream. Let the book be your guide. The Brisbane River is the longest river in South East Queensland and flows through the city of Brisbane before emptying in Moreton Bay. From its source around Mt Stanley, 344 kilometres to Moreton Bay, the Brisbane River with its many twists and turns presents the interested travelling public with a series of reaches with names that are at once geographic, historic and of social importance.
