Forensic Social Work, Second Edition: Psychosocial And Legal Issues Across Diverse Populations And Settings

Synopsis

This extensively revised edition reviews the latest research and practices in forensic social work. Readers learn to integrate socio-legal knowledge when working with diverse populations in a variety of settings. Noted interdisciplinary contributors review the most common forensic issues encountered in the field to better prepare readers to deal with the resulting financial, psychological, emotional, and legal ramifications. Using a human rights and social justice approach, the book demonstrates the use of a forensic lens when working with individuals, families, organizations, and communities who struggle with human rights and social justice issues. Each chapter features objectives, competencies, Voices from the Field, a summary, exercises, and additional resources.

Features: Highlights working with various populations such as minorities, immigrants, veterans, the elderly, LGBTQ persons, persons with disabilities, substance abusers, trauma survivors, and more. Reviews the field's conceptual and historical foundation and pertinent laws to better prepare readers for professional practice (Part 1). Introduces the most common forensic issues encountered when working in various settings including health care, social and protective services, the child welfare system, the criminal justice system, school systems, immigration services, addiction treatment facilities, and more (Part 2). Provides a wealth of practical guidance via case studies and interviewing, assessment, and intervention tips. Voices from the Field written by seasoned practitioners introduce common situations readers are likely to encounter.

New to this Edition: Highlights the 2015 Council on Social Work Education's (CSWE) Policies and Accreditation Standards throughout the text. Greatly expanded coverage from 26 to 32 chapters with more on healthcare, housing, employment, the juvenile and criminal justice system, adult protective services, and the dynamics of oppression. New Part dedicated to the core skills that must be mastered by forensic social workers including evidence-based assessments and interventions, forensic interviewing, expert testimonies, case and policy advocacy, program development, and research and evaluation (Part 3). Highlights the latest interventions including trauma informed and restorative justice practices. Updated content related to the DSM-5 and healthcare reform. Reflects the latest immigration policies, criminal justice reform, the Violence Against Women Act, and the Older Americans Act. More instructor resources including sample syllabi, Power Points, interviewing, evaluation, and assessment forms and checklists. Ideal for MSW and BSW courses in forensic social work as well as forensic/legal courses taught in criminal justice and psychology, practitioners working in a variety of settings who must have a working knowledge of forensic social work will appreciate this book's comprehensive overview of the field.

Tina Maschi, PhD, LCSW, ACSW, is an associate professor at the Fordham University Graduate School of Social Service where she teaches research, practice, and human rights and social justice. She has over 30 years of clinical social work and research experience in juvenile and criminal justice settings and community mental health settings. Dr. Maschi was a 2010 recipient of the Hartford Geriatric Social Work Faculty Scholars Program Award and a 2009 recipient of the Council on Social Work Education's Faculty Scholar's Award for the research project Promising Practices in Social Work Research Education. Her research and practice interests focus on human rights and social justice, forensic social work practice, cumulative trauma, resilience and well-being, justice involved aging people, and community-based research and evaluation. George Stuart Leibowitz, Ph.D., LICSW, is Professor at Stony Brook University, School of Social Welfare in New York, where he teaches courses in mental health, trauma, substance abuse, and clinical practice. He is a licensed clinical social worker and was listed with the State of Colorado as a sex offense-specific treatment provider and evaluator. Dr. Leibowitz provides training and consultation to several agencies nationally involving risk of sexual harm cases. His research agenda includes developing etiological models of sexual aggression, trauma-informed practices with families and incarcerated populations, restorative justice, and assessment and interventions with juveniles who present with sexually harmful behavior. He has published articles in journals such as Trauma and Dissociation, Criminal Justice and Behavior, and Journal of Child Sexual Abuse.
