# The League Of Governors: Chronicle Two-Jason In The Adventures Of Jason Lex

## Synopsis

Jason Lex just saved the world. Now he's immersed in training as a new Rampart Guard to protect the shield that enables humans and cryptids like Skyfish, Bigfoot, and the Black Shuck to live side by side and danger-free. A summons from the League of Governors, the clandestine organization that presides over the human-cryptid treaty, takes a suspicious turn when Jason's dad and sister disappear on their way to League headquarters. Jason must find them before things go bad, so he follows their trail to London where he discovers the League of Governors may not be the benevolent organization everyone believes. Injured and alone, Jason doesn't know whom to trust. After a shocking loss sends him reeling, news about his family forces Jason to make a terrible choice. When he learns of a secret plan to enslave the world, Jason must risk his life to defeat a powerful enemy and reunite what's left of his family. But can he stop a dominating adversary and again save the world before it's too late?

## Customer Reviews

"An engaging, exciting adventure. From cover to cover, Wendy Terrien's *The League of Governors* is a thoroughly entertaining, satisfying read. Those who enjoyed *The Rampart Guards* will not be disappointed, and for those whom this is your first Wendy Terrien novel, it will likely not be your last." - The Colorado Book Review "In this second book of her YA paranormal fantasy series, Terrien (*The Rampart Guards*, 2016) pits her 14-year-old hero against the insidious forces of authoritarianism...Jason carries the dual burdens of feeling powerless and responsible, and his struggle is the perfect metaphor for teenage isolation...The book's creepy setting and end-of-chapter

hooks will entice many YA readers...A strong continuation of a teen fantasy series that doesn't shy away from life's darker side." - Kirkus Reviews"Secrets and subterfuge lie at the center of The League of Governors, the fast-paced, imaginative second installment in Wendy Terrien's Adventures of Jason Lex series...This is a strong story of self-discovery for Jason, the young, powerful protagonist...The League of Governors is an appealing, authentic coming-of-age story about understanding and embracing the blessings and the baggage of one's inheritance." - Foreword Clarion reviews

Wendy Terrien received her first library card at age two, and a few years later started writing her own stories. Her debut novel, *The Rampart Guards* (February 2016), earned a Kirkus starred review and was named to Kirkus Reviews' Best Books of 2016. The novel is a Foreword INDIES Book of the Year Award Finalist, a Next Generation Indies Award Finalist, and is the first in her intriguing urban fantasy series. The next two books in the series are *The League of Governors* and *The Clan Calling* (August 2107). In addition to her novels, Wendy published a short story, "The Fate Stone," in the award-winning *Tick Tock: Seven Tales of Time* (March 2016), and "Light" in *Off Beat: Nine Spins on Song* (April 2017), both from Wicked Ink Books. Wendy graduated from the University of Utah (go Utes!) and transplanted to Colorado where she completed her MBA at the University of Denver. She focused her marketing expertise on the financial and technology industries until a career coach stepped in and reminded Wendy of her passion for writing. Wendy began attending writers' conferences, workshops, and retreats, and she hasn't stopped yet. She regularly participates in two critique groups and is the Secretary of Rocky Mountain Fiction Writers, and a member of Pikes Peak Writers. In 2014, Wendy was a finalist in the San Francisco Writer's Contest. Wendy lives in the Denver area with her husband, Kevin, and their three dogs: Maggie, Shea, and Boon. All of her dogs are rescues, and Wendy is passionate about promoting shelter adoptions. If you're in Colorado, you may even be able to spot her by her "Adopt a Shelter Pet" license plates.

Chronicle Two has Jason Lex and Uncle Alexander following Jason's Dad and sister Della to London, where the League of Governors are headquartered. What Jason encounters is a topsy turvy London, a maniacal cult-like "League" and underlying evil. There are surprising revelations about some important characters and dark, frightening plot twists as Jason summons his powers and special magic to defeat a terrifying enemy!

Another hit book about the story of Jason Lex! Out of the two new books, I read this one second,

and was intrigued from beginning to end! I had truly no idea where the story was going, and enjoyed going through the twists and turns of the plot with all of the characters. Once again, the author has really made the characters authentic and relatable, and I feel myself moving to the edge of my seat with anticipation of what's going to happen next! I am excited to see what happens in book three when it comes out! I want to say so much more, but I really can't without getting into spoilers! I love the idea of a world filled with creatures we just can't see thanks to the hard work of a dedicated team of Guards!
