Customer Reviews

Pressure cooker popularity rises and falls over time. Fortunately, they are trendy again. With improvements over the last decade or so in safety, that trend is well justified. In addition, the pressure cooker helps you turn affordable ingredients into amazing dishes in less time. Excellent pressure cooking cookbook! The recipes are easy to follow and work great with an electric pressure cooker. Recommended! Love the pictures, too.

Pressure cooker popularity rises and falls over time. Fortunately, they are trendy again. With improvements over the last decade or so in safety, that trend is well justified. In addition, the pressure cooker helps you turn affordable ingredients into amazing dishes in less time.

Perfect! Just what I was looking for. Very good book of power pressure cookbook recipes. This book is fun and easy to get a handle on. As a result, this book was perfect for me. Super fast! Looking forward to try some recipes.

I have a perfectly good pressure cooker sitting out in my garage that I never use. This book is helping find ways to use it and make good tasting meals in a third of the time. It's a winner for me,

Informative and well written. Good choice for anyone with a pressure cooker. Worth recommending!

Good cookbook, just wish they had more everyday recipes and what settings to cook on.

Okay!

The recipes in this "Power Pressure Cooker XL Cookbook" by Diana Watson are written for the Instant Pot. Therefore there is false advertising. Strangely enough, the picture of the pressure cooker on the cover is the Instant Pot, not the Power Pressure Cooker XL. There is no table of contents of recipes or index of recipes. The page numbers in the first section (about two thirds of the cookbook) are in Roman Numerals. Each recipe does not start at the beginning of a page; it just starts on the same page where the previous recipe ended. No pictures of anything in the book...not that this is a necessity. Because of all the negatives previously listed, I did not try or evaluate any of the recipes...hence giving it two stars instead of one star. Very disappointed, so I sent it back.
