Text: French, English

This is a great textbook for someone who wants to practice and sharpen their French grammar skills. The text book is completely written in French and it covers all aspects of the language for someone who is at least an intermediate level student. There are lesson plans as well as activities. My sister, who studied in France while in college, asked for a suggestion for a good book to freshen up on her rusty skills and I recommended this one without blinking an eye. I've turned to this text book time and time again over the years. It's one of the best that I've come across. An extra bonus: I love the spiral bound edition, which remains open when studying or writing.

An excellent review of essential French grammar. Answers to exercises are in the back. I recommend it to those who wish to improve their accuracy in French.

Recommended by our French tutor. Very helpful.

text book. It didn't match what I was told to get. isbn was correct.

One of the best French grammar books I have come across. Une Fois Pour Toutes: Une Revision Des Structures Essentielles De La Langue Francaise (French Edition)

This is the clearest presentation of French grammar that I have ever used.

C'était dit a moi que "Une Fois Pour Toutes" est le meilleur livre de grammaire française; donc, je vais l'acheter.
