How To Play Erhu, The Chinese Violin: The Basic Skills

Synopsis

This book will teach you how to play erhu, the Chinese violin, from the beginning. No prior knowledge of Chinese music is needed. In addition, you will know the erhu structure, the ways to choose an erhu and the numbered music notation. A number of sheet music will also be provided for the purpose of practicing. After reading the whole book, you should have a basic understanding of erhu and can play some simple songs by yourself.

Customer Reviews

A concise and highly useful introduction to playing! It gave. Lear explanation that I can immediately apply to learning to play.

I had no idea another English speaking person would write a book on how to play the Erhu, but here it is, and wow what a book. It teaches from the beginning of learning to basic understanding of the entire process of playing and Erhu. I have another book, but was a bit confused as to how to understand the contents. This one sets it all out and lets you know first hand how to play with simple

instructions, and guidance. I could not be happier.

This was a super confusing book with poor illustrations. The grammar and English was broken making it difficult to understand and there was little to no explanation of how to set the erhu up or how to properly play it.
