Zimbabwe 1:800,000 Travel Map, Waterproof, GPS Compatible REISE

Synopsis

Zimbabwe 1:800,000 Travel Map, waterproof, GPS compatible REISE This map is double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in); it has a good overlap between the two sides. It is waterproof and tear-resistant, durable enough to survive time spent in the rucksack, pocket or on a restaurant table, particularly in tropical conditions of Zimbabwe - it is trail tough, capable of going anywhere you do, it can survive the jungle ! Topography is indicated by altitude colouring with numerous spot heights, names of mountain ranges and passes, salt pans, marshes and swamps. In northern Matabeleland in the Hwange National Park numerous pans are marked. Road information includes seasonal tracks and indicates intermediate driving distances on main and secondary roads. Locations of petrol stations, veterinary cordon fences and border crossings are also marked. Other transport details include railways and local airfields. Internal administrative boundaries are shown with names of the provinces. National parks and protected areas are marked and symbols highlight various places of interest: UNESCO world heritage sites, archaeological remains, viewpoints, hot springs and wells, caves and rock paintings, selected accommodation including campsites and lodges, medical facilities, etc. The map has a latitude and longitude grid at intervals of 1° and an index of localities. Multilingual map legend includes English. High quality German cartography.
