Customer Reviews

I love this series of walking cards in different cities - we have Rome, San Francisco, London and Paris. We will be travelling to Tuscany and thought this would add something to the trip. The individual walks look great. Academic book guy delivered as promised and the set was in excellent condition. Will use him again.

Fabulous idea. Wonderful collection of insight, fun, and pure enjoyment!

We were in Tuscany a year ago. I wish I had had these cards then, because they are so much easier than a large map. We hope to return to Tuscany in the late summer/early fall next year, and these will certainly come in handy. They are an ideal size and I need to take only the cards for that day.

gift to friend going to Italy

I had bought Village Walks: Paris a while ago and when a friend of mine was going to Tuscany, I bought this as a present for her. Very successful purchase - she loves it! Very easy to use and small enough to pack in her purse.

Very good
