Customer Reviews

The book is thinner than I was expecting, and that's fine, but the weird thing is how the music is oriented. Instead of reading it like a normal book, the text is sideways vs how the cover is oriented.

This recorder lesson book is fine, and includes a number of scores for playing solos and duets. From a starting to play standpoint, it goes through all of the very basic issues, for a good smooth start. I am an advanced beginner, so I am more interested in the sheet music for solos and duets, which seem adequate for the price.

VERY EASY TO USE. I BOUGHT ANOTHER BOOK AT THE SAME TIME AND THIS ONE WAS EASIER AND CHEAPER.

Liked the way it taught each note and the selections of songs to play. My grandson is learning to play the recorder as well and this book have songs that we can play together.

Book arrived promptly, in good condition. I ordered it for my husband, since he plays recorder and I do not. He liked the book and said instructions were clear.

Love it!
