Flat Stanley At Bat (I Can Read Level 2)

Synopsis

Flat Stanley, the beloved character created by Jeff Brown, is back in this I Can Read book about baseball! When Stanley plays center field for his baseball team, he is a flat-out great player! None of the other players can float to catch the highest hits, or earn walks from the fastest pitchers. But when the fairness of his flatness is questioned by the other team, Stanley has to step up to bat to prove himself. Join Flat Stanley in this easy-to-follow Level Two I Can Read, geared for early readers who can read on their own but still need a little help. Supports the Common Core Learning Standards

It's a bird, it's a plane, it's . . . Flat Stanley soaring for the fly ball! When Stanley tries out for the baseball team, he seems to be unstoppable. But is flat really fair?

Jeff Brown created the beloved character of Flat Stanley as a bedtime story for his sons. He has written other outrageous books about the Lambchop family, including Flat Stanley, Stanley and the Magic Lamp, Invisible Stanley, Stanley's Christmas Adventure, Stanley in Space, and Stanley,

Flat Again! You can learn more about Jeff Brown and Flat Stanley at www.flatstanleybooks.com. Macky Pamintuan is an accomplished artist who lives in the Philippines with his wife, Aymone; their baby girl, Alison; and a West Highland white terrier named Winter.

This book has 4 or 5 chapters, which turns out to be the other Flat Stanley books but all in one place! If you have kids in your life that are 3-12 this a great series for activities and penpals. You can find Flat Stanley printables online and mail them to friends. So fun!!

Fast service and as promised - Excellent!

One of my son's favorite characters in a book that is perfect for a K-2 kid to read!

Ordered for a friend's son who took my daughter's Flat Stanley on vacation to South Carolina with them.

I had always loved the original version of Flat Stanley, but decided to go ahead and get this new edition to read to my class at Energy Express (a reading enrichment program for children in West Virginia). I knew it would be easier to get a hold of and would be a bit shorter than the original (which I have found didn't always keep the kid's attention for long due to it's length.) I'm pleased with how it's been adapted; I don't think much was changed. The illustrations are also very good. This is a great story and a lot of fun to read with kids. After we read it we all traced each other on big sheets of end roll and then painted ourselves and cut them out so we could have flat versions of ourselves. The kids loved it!

I wanted to read this to my grandkids. Great story and concept. Paperback book quality not the best.

Great children's book. I purchased this book for my kid for a school project.

I purchased this after a team mate mentioned it to me. I read the chapter book version to my kindergarten kids for a geography project, but they were really confused about why there were no pictures. I spent lots of time explaining the events to them. This book helped them understand perfectly. The chapter book was fine, but this one made more sense to younger students.
