good ideas

I ordered this for one on my grandsons because it wasn't about making jewelry or flowers. He loved it!! And so do the other grandkids, including my granddaughter! Maureen Carlson's signature spirit of whimsy permeates this book. We all love it and are looking forward to having fun with it for years to come. I highly recommend it for folks who want to get their youngsters involved with clay!

As a 4-H leader, I love to find crafts that both boys and girls will love. Working with all ages can be difficult, but she shows ideas from the most simple and then advances from there. These whimsical creatures are sure to please everyone.

Great book, easy to use, purchased it for my 8 year old granddaughter. We made a number of projects together and they all turned out well.

My 8-year old son absolutely loves this book. Well thought out designs and info.

I volunteer to teach a small (3 children) art class using clay. There are very simple, easy but fun projects and also more complicated, but still doable, imaginative projects. I love this book.

thanks

Terrific and yet simple characters. My 8 yr.old loves it
